Devotions written as if Jesus is speaking directly to a child’s heart. Based on her original Jesus Calling, this version has been adapted in a language and fashion that kids and tweens can relate to their everyday lives. After many years of writing in her prayer journal, missionary Sarah Young decided to listen to God with pen in hand, writing down what she believed He was saying to her through Scripture. Others were blessed as she shared her writings, until people all over the world were using her devotionals. They are written from Jesus’ point of view, thus the title Jesus Calling.

Devotions written as if Jesus is speaking directly to a child’s heart. Based on her original Jesus Calling, this version has been adapted in a language and fashion that kids and tweens can relate to their everyday lives. After many years of writing in her prayer journal, missionary Sarah Young decided to listen to God with pen in hand, writing down what she believed He was saying to her through Scripture. Others were blessed as she shared her writings, until people all over the world were using her devotionals. They are written from Jesus’ point of view, thus the title Jesus Calling.

Grief, loss, and pain are significant and unavoidable parts of the human experience, but they’re often overlooked or minimized. In moments of heartache and challenges, we either crumble or we discover the richness of God’s love. Scripture deals plainly and honestly with suffering and simultaneously points people the rich hope we find in God. When someone is grieving, what should we say? How can we help? How do we comfort without offering shallow platitudes? Though our tendency in times of sorrow is to look down and inward, Scripture beckons us to look up and out, because our help comes from the Lord.

Devotions for Sacred Parenting by bestselling author Gary Thomas shows how God uses parenting to make parents more dependent on Him and more godly, unlike most parenting books, which explore how parents have to be godly (first) in order to make parenting work as it should (second). Updated and expanded, this refreshed classic will appeal to a wider audience and stay in step with the larger brand plan for the author. With a refreshed package and expanded, updated content, Devotions for Sacred Parenting hits a major felt need with parents.

The Bible has played a starring role in American history from our nation's beginnings. When George Washington was sworn into office as our first president, he did not place his hand on the Declaration of Independence or the Constitution of the United States, as hallowed as those documents are. Instead, he swore upon and even kissed the Bible to sanctify this important moment. The Bible, Washington knew, had ushered American history to this point. Trying to explain American history without its Bible is like trying to understand the human body without its bloodstream. Had there been no Bible, there would be no America as we know it.

When your life is over, everything you did will be represented by a single dash between two dates—what will that dash mean for the people you have known and loved? As Joseph Epstein once said, “We do not choose to be born. We do not choose our parents, or the country of our birth. We do not, most of us, choose to die. . . . But within this realm of choicelessness, we do choose how we live.” And that is what The Dash is all about.

For many women, having a baby girl is a dream come true. Yet as girls grow up, the narrative of innocence and joy changes to gloom and doom as moms are told, "Just wait until she's a teenager!" and handed a disheartening script that treats a teenage girl's final years at home as solely a season to survive. Author and blogger Kari Kampakis suggests it's time to change the narrative and mind-set that lead moms to parent teen girls with a spirit of defeat, not strength. By improving the foundation, habits, and dynamics of the relationship, mothers can connect with their teen daughters and earn a voice in their lives that allows moms to offer guidance, love, wisdom, and emotional support.

Dave Willis, author, speaker, and father of four boys, talks biblically and practically about how to raise a generation of boys who are champions, encouragers, and respecters of women. In the #metoo and #churchtoo era, with so many men and boys continuing to make the same mistakes, we have to ask: Where are we going wrong? And perhaps more importantly, how do we raise up men who will break this cycle? As the father of four boys, relationship coach and author Dave Willis has studied this issue deeply, concluding that if we are to raise boys to respect girls--and not end up with men who say they respect women but whose actions reveal otherwise--we must go back to the heart of things. Or, more specifically, we must go back to our own hearts.

It's time to take back what the devil has stolen and put God back into our culture. Phil Robertson, patriarch of A&E's Duck Dynasty and one of the most recognized voices of conservative Christianity in America, believes that little by little, generation by generation, America has allowed the lines of morality, decency, and virtue to be erased. Our values have disappeared as we began to believe lies-such as that God is dead, truth is relative, and unity is impossible-that have brought discord, division and protest. But Phil also believes that things can change.

It marked a turning point for the country, revealing the cultural acceptability of questioning whether God was active and alive in our world.
